

OSHA, the Grain and Feed Association of Illinois, and the Grain Handling Safety Coalition have developed a stop sign decal to adhere to grain bin doors using pictures and short phrases reminding entrants to lockout potentially hazardous equipment, stay clear of waist high grain, cover floor holes and to follow other best practices.

Decals are 10 inches square and produced on a heavy vinyl intended for outdoor exposure.

Individuals or companies can email Bob Aherin at the University of Illinois at raherin@illinois.edu to request a free decal.

Quantities of more than 1 decal may be purchased for \$5.43 each (\$5.00 plus 8.5% IL sales tax).
